

Annual Dues

Dues are the only required cost of membership in the Rotary Club of San Francisco.

- Annual dues are \$325 for members under 35, \$650 for members who are 35 or older.
- Annual dues for two spouses or “significant others” from one household are limited to 125% of the dues for one member.

We encourage members to register in our club’s sustaining membership program, which automatically charges 25% of annual dues to your credit card at the beginning of each calendar quarter.

Luncheon Meetings

Attendance at our weekly luncheon meetings is not required. We recommend that new members attend as many luncheon meetings as possible, to meet fellow members and to better understand the club.

Most members attend at least some luncheons, only a few members attend all of them.

- There are 36 regular luncheon meetings each year.
- You only pay for luncheons that you attend.
- Individual luncheon tickets are currently \$40. Members can buy booklets of 4 tickets for \$145.

Holiday Luncheon and Annual Meeting

We encourage all members to attend the Holiday Luncheon and Annual Meeting held each December. This is where we elect incoming officers and board members, and vote on major questions such as changes to the club’s bylaws. The cost is usually about \$75-\$85.

Rotary Charities

All members are encouraged to be as generous as possible to Rotary Service and The Rotary Foundation of Rotary International (TRF).

- Rotary Service is the club’s charitable arm. It conducts all of our service projects.
- TRF is the major foundation that supports the charitable work of all 35,000 Rotary Clubs on the planet. TRF is regarded as one of the most effectively run charitable foundations in the world.

We ask each member to make at least a token contribution to both of these two charities. Most members give about \$100 to each of them. Donations are tax deductible.
